

Roxbury Values

Service Excellence

- We will provide timely, professional, effective, and efficient services to all of our consumer groups.
- We believe that all of our patients are entitled to integrated quality healthcare.

Respect and Ethical Standards

- We will provide an environment free from discrimination and prejudices.
- We will conduct ourselves according to the highest standard.

Integrity

- We believe honesty, trust, courtesy, and ethical conduct are essential.
- We believe forming fair and dependable relationships with those we serve is of utmost importance.

Compassion

- We believe patient rights, safety, and dignity, together with the worth of staff will be fully honored.

Teamwork

- We believe the most productive work environment that promotes teamwork, active collaboration, and safety.
- We believe that clear and open communication within and across departments and services are of high importance.
- We believe that inter-agency coordination affords each patient the opportunity for a full continuum of care.
